

## **Sprint 2 Plan**

Product Name: BBv1

Team Name: Team Rocket

Sprint Completion Date: November 4th, 2018

Revision Number: N/A

Revision Date: N/A

### **GOAL:**

The goal for this sprint is to be able to effectively integrate 10to8, which is a scheduling platform that Boundless Brilliance uses. In addition, the sign up should be fully flushed out (which includes setting up the database appropriately).

### **TASK LISTING: b**

1. (2) As a developer, I want to store more information about user profiles in Firebase when users are signing up.
  - a. Distinguish account type between mgmt, outreach coordinators, college presenters -- Spinner? (3 hours)
2. (10) As a developer, I want to set up 10to8 API integration so that we can pull presentation schedules from 10to8
  - a. FRIDAY/SUNDAY: Research/Learn new 10to8 API technology (2 hours)
  - b. Learn to pull data from database (6 hours)
3. (8) As a college student presenter, I want to be able to access a basic integrated scheduling platform, so that I know when and where my next presentation will be.
  - a. FRIDAY: look into ListView libraries and see if there are any good ones to use (2 hours/person)
  - b. Create UI with ListView that will display all the available presentations from 10to8 (4 hours)
  - c. Populate UI ListView with data from 10to8 (4 hours)
  - d. Implement a filter function (to get ALL presentations or JUST from one chapter) so users can view, based on their account type: (7 hours)
    - i. Management/Executives: All presentations from all chapters (Global Scope)
    - ii. College presenters and outreach coordinators: All presentations from their own chapter OR just the presentations for one individual (Local Scope)

### **TEAM ROLES:**

**Cassia:** Developer

**Will:** Developer

**Cora:** Project Owner, Developer

**Adam:** Developer

**Vinod:** Scrum Master, Developer

### INITIAL TASK ASSIGNMENT:

**Cassia:** 1a, 2a, 3a

**Will:** 1a, 2a, 3a

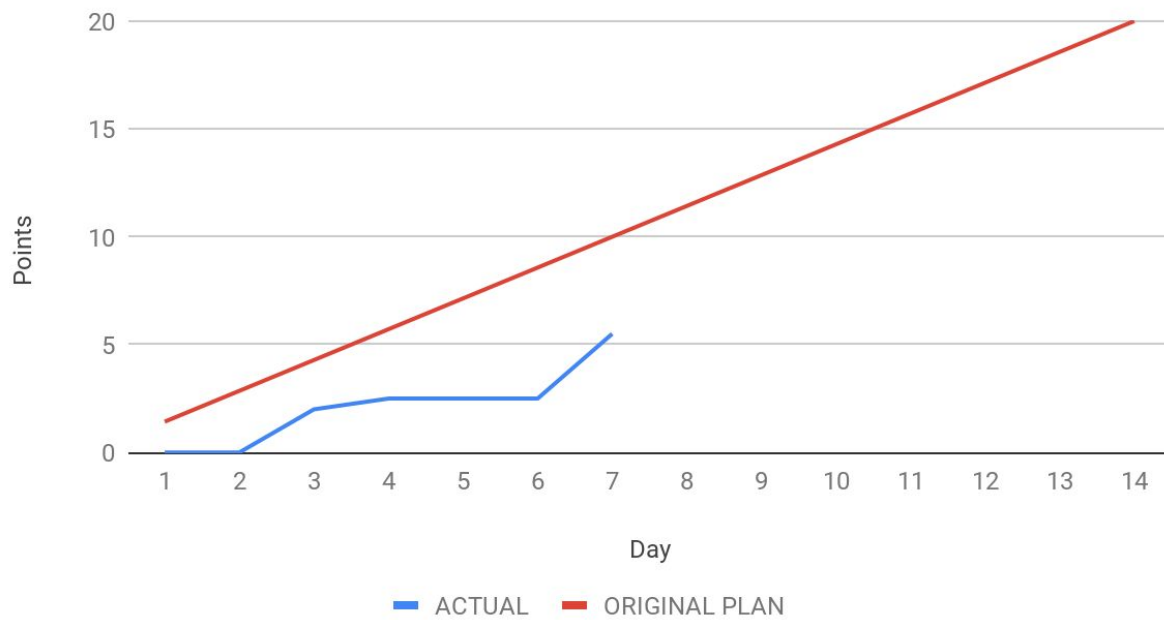

**Cora:** 2a, 3a

**Adam:** 2a, 3a

**Vinod:** 2a, 3a
